

Simply efficient

The new MS15UX series

The **UX series** of **easy-to-use** electric Pedestrian Stacker trucks provide a dependable **general-purpose** materials handling solution, backed by authorised Yale dealers who offer local expert service and rapid response for complete peace-of-mind.

Productivity:

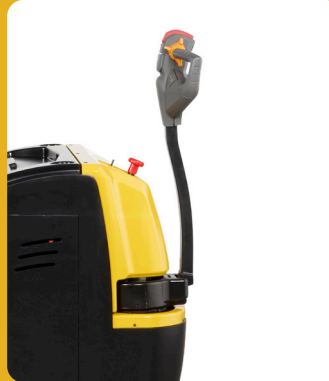

- Advanced AC control system eliminates motor brushes and directional contactors providing minimal maintenance requirements
- Regenerative brake system
- Increased overall truck performance by decreasing battery charge intervals
- Emergency reversing device
- Emergency power disconnect
- Creep speed switch in the handle
- Stepless speed control

Structural Design:

- Multi-function display with BDI and fault code etc
- Spring-loaded casters improve lateral stability
- Forks manufactured using heavy gauge steel
- Durable plastic covers

Serviceability:

- CAN bus technology reduces wiring complexity and increase reliability
- Side battery extraction with roll-out system
